EDUCATION

CMR Technical Campus

B-Tech CSE, CGPA: 8.45

Hyderabad

2023 – 2027

Akshara Jr. College

XII, CGPA: 9.27

Hyderabad

2020 – 2022

PROJECTS

Swiggy Clone

MERN, Redux Toolkit, Tailwind CSS

2025

- Developed a scalable full-stack food ordering platform with cart management and order processing.
- Implemented secure JWT authentication with role-based access control for users and admins.
- Built admin dashboard for managing restaurants and menus with full CRUD operations.
- Optimized global state management using Redux Toolkit for efficient UI updates.

YouTube Clone

React.js, YouTube API, Tailwind CSS

2025

- Built a responsive video streaming application with search, playback, and recommendations.
- Integrated YouTube API for real-time video fetching and search suggestions.
- Improved performance using debouncing to reduce unnecessary API calls.
- Designed responsive UI with dark mode support.

ACHIEVEMENTS

- Solved **500+** DSA problems across platforms like LeetCode, CodeChef, and Smart Interviews.
- Completed **Smart Interviews (Program Alpha Batch)** focusing on advanced DSA using Java.
- Strengthened problem-solving skills through consistent practice of algorithms and data structures.
- Built multiple full-stack projects applying concepts like authentication, REST APIs, and state management.

CODING PROFILES

- [LeetCode](#) | [CodeChef](#) | [Smart Interviews](#)

SKILLS

- **Languages:** Java, C, Python, JavaScript
- **Frontend:** React.js, HTML5, CSS3, Tailwind CSS
- **Backend:** Node.js, Express.js, Servlets, JSP
- **Database:** MongoDB, MySQL
- **Tools:** Git, GitHub, Postman, Socket.io
- **Concepts:** Data Structures & Algorithms, OOP

COURSEWORK

- Data Structures and Algorithms, Object Oriented Programming, Database Management Systems, Operating Systems, Computer Networks.
